

M/s PARAS ENGINEERINGS was launched in May 2013. A renowned company in the field of Process Control Instruments, PLC/DCS, AC/DC Drives, Solar Inverters, SCADA, HMI etc.

We are a group of five professionals in the market for last four years providing services to different process industries like **PAPER, SUGAR SOLAR POWER, STEEL, FABRIC, CEMENT** and other PROCESS Industries.

MAIN PROJECTS EXECUTED BY PARAS ENGINEERINGS:-

- 1) Centrifugal Application in Sugar Plants using AC500 PLC and DC800 DC drive at various plants.
- 2) Steel Rewinding line and slitting line automation using AC500 PLC and AC800 VFD at various plants.
- 3) Continuous Digester Automation in Paper Plant using AC500 PLC and ACS800 VFD.
- 4) Andritz Calender synchronization using ACS880 VFD in paper plant (Hard Nip & Soft Nip).
- 5) Dyeing Machine Automation in Fabric Industries using AC500 PLC and CP650HMI.
- 6) Cement Plant Automation of Crusher Section, Coal Mill Section, Raw Mill Section, Kiln Section and Coal firing Section using AC800m PLC & ACS850 VFD over Profibus protocol.
- 7) AC31 PLC based Auto coiling Machine.
- 8) CHMI800 Scada development and report generation version 5.0.1 and 6.0 at various plants.
- 9) Paper Machine automation using AC800m PLC and AC800 VFD over optical interface at various plants.
- 10) Paper Machine automation using AC500 PLC and AC880 VFD over profibus protocol at various plants.
- 11) AC800m PLC and AC500 PLC based ACFC and Mill House automation in various sugar plants.

- 12) Automation and Commissioning of PAPER REWINDER including brake generator using AC800m PLC and AC800 VFD at various plants.
- 13) 1 MW and 500KW Solar Inverter Commissioning at various solar plants.
- 14) 1500KVA ACS800 VFD commissioning at various plants.
- 15) 2000Amp DCS800 drive upgradation & commissioning at various plants.
- 16) AC800m & AC500 series PLC programming, SCADA development, report generation & troubleshooting at various Solar Plants

Now we want to extend our improved services on ABB products from our Principals.

Products being Service are provided is integrated as below:-

- ABB make PLC AC500 series.
- ABB make mDCS AC800m.
- ABB make AC/DC Drives(All Range).
- ABB Make Solar Inverters.
- ABB Make CHMI800 Scada all versions.
- ABB Make Touch Screen HMI all series.

Our Team

- 1) **VIKAS CHANDER ARYA (seventeen years experience in AC & DC drives all series, AC800m & AC500 PLC, CHMI scada & HMI all series & executed various applications).**
- 2) **ROHIT KUMAR TEOTIA (Six years experience in AC & DC drives all series, AC800m & AC500 PLC, CHMI scada & HMI all series, Solar Inverter 1mw & 500kw capacity).**
- 3) **ASHUTOSH DHIMAN (Four years experience in AC & DC drives all series, AC500 PLC, CHMI scada & HMI all series).**
- 4) **ATUL CHAUHAN (Two years experience in AC & DC drives all series, AC500 PLC, CHMI scada & HMI all series).**
- 5) **ANKIT KUMAR (One years experience in AC & DC drives all series).**
